Leslie,
I think I missed this one. Can I still get the original copy to you all? I'm in Avondale Estates, working from home tomorrow. We could meet at Banjo Coffee here or could meet someone halfway if helpful and you can still use it.

You are welcome to call or text as well, since I only check this email occasionally during the work day.

Best to all,
Nancy

Thank you Nancy! If you are able to print, notarize, and scan a copy of the notarized statement back to us, that would be great. We will still need to get the original from you, but this will help keep the process moving.

Heather,
Thank you. This looks fine to me. I've filled in my address and attached here. Thank you for connecting me with a print copy and notary. There is a print shop and notary a couple of blocks away from me if that would help facilitate getting this over to you -- just let me know.
Nancy

Hi Nancy,

Thank you so much for taking the time to talk yesterday.

Attached is a draft statement. Please review to make sure that it accurately describes your observations. Can you also send me your home address to include in here?

I know that you are having trouble with your printer right now. We can coordinate sending someone to meet you to sign and notarize this. I added Leslie Bryan and Heather Snyder here who can help facilitate that.

Heather

Hi,

While I didn't have any major problems at my assigned polling location in Tuesday, I would still be glad to have a conversation. I'm concerned about follow up with those who cast provisional ballots.

Thank you,

Friends,

First, THANK YOU for your service during early vote and on November 6. Your work was an integral part of our efforts. There were issues in all of the counties and you jumped on them and addressed them thoughtfully and professionally. Your work assured that people had the opportunity to vote. And the information we gathered will help us to get to work when the smoke clears to move forward with our program in the future.

We're still fighting for every single vote and to make sure every valid ballot is counted. We have an additional request for you. Many of you saw major problems at your precincts, and we need to talk to you about them. If you had large scale problems at your precinct such as running out of provisional ballots, folks leaving because of long lines, voters turned away without being offered a provisional ballot, voters who are sure they are registered to vote but didn't appear on the roles, and other major problems, please email Dara Lindenbaum at [REDACTED]@Sandlerreiff.com as soon as possible.

We will continue to need your help in the next few weeks. We have at least 2 statewide races going to a run-off on December 4th and we'll need your help again poll watching! You've seen the importance of having poll watchers on the ground able to help voters cast their ballots and getting them all the information they need to make sure their ballot counts.

Again, thanks for your support and please be on the look out for future communications from the voter protection team!

Best,
Andrea S. Young
